## Other products

Groups are welcome to purchase other items that we sell at standard retail prices. If a specific item is needed for every attendee, ask about voucher options. Please note that we do not allow “borrowing” of items such as straw bales. All items used must be purchased. If you are renting a space, please understand that while we provide private spaces for rent, we do not consider ourselves a full-service event facility. We will do our best to help accommodate your visit and special requests, but as a facility open to the public that can be very busy on fall weekends, we must operate within certain parameters to provide the best experience for you and our other guests.

## Definitions

**Same Day Groups** are outings where all group members are coming the same day and your group coordinator will distribute tickets/vouchers to your group members upon arrival.

**Advanced Purchase Groups** pre-buy their vouchers to distribute ahead of time so attendees can visit any day we are open. These groups might not have a coordinator on-site the day of visit.

**Wholesale pricing** may be available on some items separate from this pricing. Wholesale prices are for items that will be picked up by an individual and taken off-site without the entire group visiting our farm.
